Building and Construction Industry Security of Payment Act 2002

The *Building and Construction Industry Security of Payment Act 2002* (SOP Act) is intended to provide contractors with a quick, inexpensive and non-legalistic way to recover money owed to them and to resolve payment disputes. It applies to construction contracts for work carried out in Victoria.

Adjudicators are nominated by Authorised Nominating Authorities (ANAs). ANAs are authorised to perform this service by the Victorian Building Authority (VBA) under section 42 of the SOP Act.

The functions of an ANA include nominating adjudicators for the purposes of the SOP Act, receiving and referring adjudication applications to adjudicators and providing information to the VBA in accordance with the SOP Act.

ADJUDICATION ACTIVITY STATISTICS REPORT

This report provides tabulated and graphical representations of adjudication data for the 2019-2020 financial year. The information in this report is based on data provided to the VBA by ANAs.

PROVISION OF INFORMATION

ANAs must provide the VBA with information in relation to the activities of the ANA under the SOP Act. Information requested by the VBA may include information regarding the nomination of adjudicators, appointment of review adjudicators, the assessment of eligibility of persons to be adjudicators, the fees charged by the ANA and the fees charged by adjudicators. This information allows the VBA to monitor whether the adjudication process is meeting the object of the SOP Act.

PUBLICATION OF INFORMATION

The VBA may publish information in a determination if the information does not identify any person or body referred to in the determination or disclose the address or location of that person or body and the identity, address or location of any person or body referred to in the determination cannot reasonably be determined from the information.

FOR MORE INFORMATION

Further information on the SOP Act can be found on the VBA website at www.vba.vic.gov.au.
