

Plumbing Practice Notes (formally Technical Solution Sheets)

Number	Previous Title	Version history
0.01	Roof Plumbing - (Stormwater Drainage) Charged Systems to Rainwater Tanks	Obsolete
0.02	Roof Plumbing - V-Gutters	Merged into Practice Note RP-01, RP-02, RP-03, RP-04
0.03	Roof Plumbing - Flashing Roofs to Walls	Merged into Practice Note RP-05 Roof flashings
0.04	Roof Plumbing - Roof and Stormwater	Merged into Practice Note RP-01, RP-02, RP-03, RP-04
0.05	0.05 Roof Plumbing - Sheet Roof Systems in Bushfire Prone Areas	Merged into Practice Note Roof Plumbing - Sheet Roof Systems in Bushfire Prone Areas (Under review)
1.01	Sanitary Plumbing - Air Admittance valves	Under review
1.02	Sanitary Plumbing - Thermal expansion in Above Ground PVC-U Pipelines	Under review
1.03	Sanitary Plumbing - Floor Waste Gullies	Under review
1.04	Sanitary Plumbing - Installation of Fixtures for People with Disabilities	Under review
1.04A	Sanitary Plumbing - Installation of Fixtures for Disabled Persons Building Classes 9b and 10 Public Transport Buildings	Under review
1.05	Sanitary Plumbing - Temporary Plumbing for Site Sheds	Under review
2.01	Septic Tank Installation - Aerated Wastewater Treatment Systems	Under review
3.01	Bedding Drains in Stable Soil	Under review
3.02	Boundary Traps	Under review
3.03	Combined Drains Overflow Relief and Inspection	Under review
3.04	Refrigerated Cabinet Condensate Drains Connected via Tundishes	Under review
3.05	Drainage Overflow relief	Under review
3.06	Drains in reactive Soils, Unstable or Water Charged Ground	Under review
3.07	Low Risk Trade Waste Appliances	Under review
3.08	Multi-Unit Developments (Excluding Multi-Storey)	Under review
3.09	Property Sewerage Systems	Under review
3.10	(Below Ground Sewer) - Temporary Plumbing for Site Sheds	Under review
3.14	Vacuum Sewerage Systems	Under review
4.01	(Below Ground Stormwater) Bioretention	Under review
4.02	(Below Ground Stormwater) Reduced Grade	Under review
4.03	(Below Ground Stormwater) Temporary Plumbing for Site Sheds	Under review

Number	Previous Title	Version history
4.04	(Below Ground Stormwater) Sizing Drains and Eaves Gutters	Under review
4.05	(Below Ground Stormwater) Charged Systems to Rainwater Tanks	Under review
4.06	(Below Ground Stormwater) Bedding Site Stormwater drains	Under review
5.01	Cold Water Plumbing - Cold Water Pipe Sizing testing and Commissioning	Under review
5.02	Cold Water Plumbing - Water Supply for Dental Consoles	Under review
5.03	Cold Water Plumbing - Drawings of Typical Water and Fire Services	Under review
5.04	Cold Water Plumbing - Hose Connection Vacuum Breakers	Under review
5.05	Cold Water Plumbing - Hot Water from Cold Taps	Under review
5.06	Cold Water Plumbing - Maximum Outlet Pressure within buildings Water Supply Flow Rates	Under review
5.07	Cold Water Plumbing - Multi-unit Developments (excluding multi-storey)	Under review
5.08	Cold Water Plumbing - Rainwater Supply for Water Closet Cisterns	Under review
5.09	Cold Water Plumbing - Rainwater Tanks - DUPLICATE OF TSS 99.02	Under review
5.10	Cold Water Plumbing - Temporary Plumbing for Site Sheds	Under review
5.11	Cold Water Plumbing - The use of pipe tube	Under review
5.12	Cold Water Plumbing - Transported Recycled Water for Irrigation and Commercial Car Washing	Under review
6.01	Hot Water Plumbing - Achieving Hot Water Delivery Temperatures Dead ends	Under review
6.02	Hot Water Plumbing - Cold Water Shut-Off Valve	Under review
6.03	Hot Water Plumbing - Heat Trace Cables in Warm and Hot Water Systems	Under review
6.04	Hot Water Plumbing - Installation of Tempering Valves and Heat Retention for Hot water Piping	Under review
6.05	Hot Water Plumbing - Maximum Outlet Pressure within Buildings water Supply Flow Rates	Under review
6.06	Hot Water Plumbing - Solar Hot Water Performance Requirements	Under review
6.07	Hot Water Plumbing - Special Option for a Temperature Pressure Relief (TPR) Valve	Under review
6.08	Hot Water Plumbing - Temporary plumbing for site sheds	Under review

Number	Previous Title	Version history
6.09	Hot Water Plumbing - Temperature Pressure Relief (TPR) Valve Drain Lines	Under review
6.10	Hot Water Plumbing - Thermal Insulation of Heated water Pipework	Under review
6.11	Hot Water Plumbing - Warm Water Systems	Under review
6.12	Hot Water Plumbing - Water Tempering Control Options for Non Storage	Under review
6.13	Hot Water Plumbing - Solar Heated Water - 6 Star Requirements	Merged into Practice Note Solar (Under review)
7.01	Mechanical Services - Solid Fuel Heaters	Merged into Practice Note MS-01 (Under review)
7.02	Mechanical Services - Cooling Towers	Merged into Practice Note MS-02 (Under review)
7.03	Mechanical Services - Condensation Drainage Utilising Self Sealing Devices	Merged into Practice Note MS-03 (Under review)
7.04	Mechanical Services - Flexible Ducting for the Heating, Cooling and Ventilation of a Building	Merged into Practice Note MS-04 (Under review)
7.05	Mechanical Services - Evaporative Coolers: Drainage Provisions	Merged into Practice Note MS-05 (Under review)
7.06	Mechanical Services - Heat Shifters	Merged into Practice Note MS-06 (Under review)
7.07	Mechanical Services - Mechanical Exhaust Ventilation Systems	Obsolete
7.08	Mechanical Services - Split System Air Conditioner	Merged into Practice Note MS-08 (Under review)
7.07	Mechanical Services - Mechanical Exhaust Ventilation Systems	Under review
8.01	Backflow Prevention - Backflow Requirements for Hydronic Heating Installations	Under review
8.02	Backflow Prevention - Cross Connections in Drinking Water Supplies	Under review
8.03	Backflow Prevention - Transported Recycled Water for Irrigation and Commercial Car Washing	Under review
91.01	Grey or Recycled Water - Transported Recycled Water for Irrigation and Commercial Car Washing	Under review
91.02	Grey or Recycled Water - Grey Water or Recycled Water non drinking water supply	Under review
91.04	Grey or Recycled Water - Grey Water and Recycled Water	Under review
92.01	Gas fitting - Allowable Leakage Rate for Existing Fuel Gas Installation	Merged into practice note GF-01 Allowable leakage rates for existing standard gas installations with a metering pressure of 1.13 kPa
92.02	Gas fitting - Connection of Commercial Catering Equipment	Obsolete
92.03	Gas fitting - Commercial Catering Equipment and Residential Cooking Appliances	Merged into practice note GF-02 Type A Residential Cooking Appliances
92.05	Gas fitting - Natural Gas Type A Installations Appliances in Roof Space	Merged into practice note GF-03 Gas fitting - Commercial Catering Equipment and Residential Cooking Appliances

Number	Previous Title	Version history
92.06	Gas fitting - Temporary plumbing for site sheds	Under review
98.01	Solar Installation - Solar Heated Water - 6 Star Requirements	Merged with Solar Hot Water Practice Note (Under review)
98.02	Solar Hot Water Performance Requirements	Merged with Solar Hot Water Practice Note (Under review)
99.01	Rainwater Tank Installation - Rainwater Supply for Water Closet Cisterns	Under review
99.02	Rainwater Tanks - Rainwater Tanks	Under review
GF-01	Allowable leakage rates for existing standard gas installations with a metering pressure of 1.13 kPa	Supersedes Technical Solution Sheet: 92.01 Gas fitting - Allowable Leakage Rate for Existing Fuel Gas Installation
GF-02	Type A Residential Cooking Appliances	Supersedes Technical Solution Sheet: 92.03 Gas fitting - Commercial Catering Equipment and Residential Cooking Appliances
GF-03	Natural Gas Type A Installations - Gas Heating Appliance Installed in a Roof Space	Supersedes Practice Note 92.05: Natural Gas Type A installations in a roof space
GF-05	Use of gas composite pipe in bushfire prone areas	Fact sheet - Use of gas composite pipe in bushfire prone areas (Under review)
MS-01	Solid Fuel Heaters	New practice note (Under review)
MS-02	Cooling Towers	New practice note (Under review)
MS-03	Condensation Drainage Utilising Self Sealing Devices	New practice note (Under review)
MS-04	Flexible Ducting for the Heating, Cooling and Ventilation of a Building	New practice note (Under review)
MS-05	Evaporative Coolers: Drainage Provisions	New practice note (Under review)
MS-06	Heat Shifters	New practice note (Under review)
MS-08	Split Systems Air Conditioning	New practice note (Under review)
RP-01	Regulatory framework	Supersedes Technical Solution Sheets: Roof Plumbing 0.01-0.04
RP-02	Box gutters	Supersedes Technical Solution Sheets: Roof Plumbing 0.01-0.04
RP-03	Eaves gutters	Supersedes Technical Solution Sheets: Roof Plumbing 0.01-0.04
RP-04	Downpipes	Supersedes Technical Solution Sheets: Roof Plumbing 0.01-0.04
RP-05	Roof flashings	Supersedes Technical Solution Sheets: Roof Plumbing 0.01-0.03
RP-06	Sizing a roof catchment drainage system	Supersedes Technical Solution Sheets: Roof Plumbing 0.01-0.04
	Roof Plumbing - Sheet Roof Systems in Bushfire Prone Areas	0.05 Roof Plumbing - Sheet Roof Systems in Bushfire Prone Areas (Under review)
	Solar	Supersedes TSS 6.13 Hot Water Plumbing - Solar Heated Water - 6 Star Requirements (Under review)
